User Story

As a new user, I want to create an account so that I can use app features.

Acceptance Criteria

- User should enter valid details
- Signup should complete successfully
- User should navigate to home screen

QA Scenarios

- Verify signup with valid details
- Verify invalid email validation
- Verify empty field validation

US_002

User Story

As a registered user, I want to login to my account so that I can access the application.

Acceptance Criteria

- User should login with valid credentials
- Invalid credentials should show error message
- Password field should remain masked

QA Scenarios

- Verify login with valid credentials
- Verify invalid login
- Verify empty password validation

US_003

User Story

As a user, I want to identify coins using a camera so that I can view coin details.

Acceptance Criteria

- Camera should open properly
- Coin image should scan successfully
- Coin details should display correctly

QA Scenarios

- Verify camera access
- Verify coin scan functionality
- Verify permission denied handling

US_004

User Story

As a guest user, I want limited access to the app so that I can explore features before signup.

Acceptance Criteria

- Guest user should access allowed features
- Restricted features should ask user to login/signup

QA Scenarios

- Verify guest navigation
- Verify restricted feature access
